

## MERCURIO SPA

Immerse yourself in a spa paradise and enjoy a unique moment with **Inoxvia Spa**. The flow of the water, the air, the colours and aromas will fill your space with harmony, peace and tranquillity. The water flushes out toxins and you recharge your batteries whilst letting your imagination drift in this sea of new sensations.

The exclusivity of stainless steel offers aesthetic qualities, hygienic properties and corrosion resistance. It is a highly attractive and innovative material for creating unique, distinguished and elegant spaces that always meet people's expectations and those of their family and friends.

**Inoxvia Spa** is currently undergoing the exciting and ambitious process of developing **new spa baths** with the latest technology. We aim to continue offering comfort, elegance and excellent features that will delight even the most discerning tastes.

**Inoxvia Spa, an oasis of wellbeing within your reach.**
