

# Saline C

Enjoy all the benefits of the very latest generation of salt chlorinators designed primarily for large volumes. With its robust, industrial design Saline C provides all the advantages of a salt chlorinator whilst being able to treat volumes of up to 340\* m<sup>3</sup> of water.

### The ADVANTAGES

- + 95g of chlorine produced per hour (at 3.5 g/l of NaCl)
- + Reverse polarity to prevent calcium build-up on the cell
- + Easy to maintain, changing the electrode only takes 1 minute
- + Only 1 cell is required to produce the chlorine

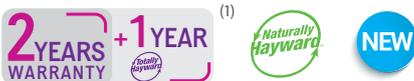

Changing the electrode only takes 1 minute.

Easy to maintain. Easy access to the cell.

SALT CHLORINATION

### EFFICIENCY

► Thanks to the very latest technology, the Saline C chlorinator totally purifies the water in your pool with just a single cell that can produce the full required daily amount of 2.3 kilos of chlorine, without any need for chlorine tablets. Once the pool has been treated the salt is recombined for the next cycle, meaning no salt is consumed.

### POLYVALENCE

- Only 1 cell is required to adapt to all your needs.
- Saline C can treat very large volume pools of up to 340 m<sup>3</sup>.
- Can be rapidly fitted on new pools and is easy to adapt to existing pools.

### EXTRA DURABILITY

► Compact, industrial design to ensure worry-free production of large daily quantities.

### EASE OF USE

► Reverse polarity cell: reversing the polarity reduces calcium build-up on the cell electrodes, reducing maintenance.

- 1 Easy-to-access electrodes
- 2 63mm fitting
- 3 Transparent cell for easier visual inspection
- 4 Drain plug for easier winterising
- 5 Even easier to use thanks to its digital display of very precise information

CHEMICAL	IDEAL LEVELS
Salt	3,5 to 5 g/l
Free Chlorine	2 to 5ppm
pH	7,2 to 7,6
Cyanuric Acid* (Stabilizer)	from 20ppm to 50ppm (for outdoor pools only)
Total Alkalinity	80 to 120 ppm
Calcium Hardness	200 to 300 ppm
Metals	0 ppm

\*Only if necessary

Description	Chlorine production	Pool Volume m <sup>3</sup>	In/Out	Reverse polarity	Item
Saline C	95 g/h at 3.5 g/l of NaCl 115 g/h at 5 g/l of NaCl	Indoor pools : up to 340 m <sup>3</sup> Outdoor pools : up to 190 m <sup>3</sup>	63 mm	Every 3 hours	HCSC60E

\*for indoor pools

<sup>(1)</sup> 2 years warranty + 1 year extra when the product is purchased from a Totally Hayward dealer.
